To: Chair of Health Board
Cardiff and Vale University Health Board

Following the recent publication of my [Annual Report](#) I am providing you with the Annual Letter (2017/18) for **Cardiff and Vale University Health Board**.

The number of health complaints coming to my office and the variance in health board performance in complaint handling continues to be a concern. Whilst we saw a welcome 2% reduction in the total number of complaints, those against health boards increased by 11% from 676 in 2016/17 to 747 in 2017/18. As a result, my office organised two special seminars; one for health bodies in jurisdiction on health complaints and best practice in June 2017 and another on complaint handling culture for all public services in February 2018. At the latter event, I was very pleased to see further progress on Out of Hours services with the Rapid Response for Acute Illness Learning Set (RRALS) project improving out of hours services in health boards across Wales, partly in response to my office's thematic report, "Out of hours: Time to care", on the subject.

Four [public interest reports](#) have been published in the past year. All were health related. Whilst none of the reports were issued against your Health Board, the cases raised issues which provide wider learning points for all health boards in Wales. I therefore urge the Board to consider whether any of the systemic failures identified in those cases provide opportunities for the Board to review and improve its service provision.

As you will be aware, a new Public Services Ombudsman Bill has been introduced by the National Assembly and is currently at the second stage in the legislative process. This means that Members have agreed the general principles of the Bill and a Financial Resolution was agreed in Plenary on 17 July 2018. It is important that Wales continues to adopt best practice in complaints handling and public service improvement, and this new legislation would help drive up public service standards. If the Bill progresses I will be engaging with public bodies in Wales in preparation for the introduction of the new powers within the Bill.

Complaints Received – Cardiff & Vale University Health Board

The number of complaints received in 2017/18 about Cardiff and Vale University Health Board, was 94. This represents a very slight increase, of 3 complaints, from the previous year (2016/17), but the complaints remain below the Welsh average (adjusted for the Health Board's population).

However, despite the number of complaints **received** against the Health Board remaining very much the same, the number of complaints **requiring investigation** by PSOW has increased by 27%, from 26 in 2016/17 to 33 this year.

The **subject** of complaints about the Health Board broadly reflect the Welsh average, subjects such as clinical treatment outside of hospital, confidentiality and continuing care.

It is pleasing that complaints received regarding the Health Board's handling of complaints have decreased by more than 50% over the previous year from 13 in 2016/17 to 6.

The complaints we receive are distributed evenly between a wide range of **services**. We do not identify any service that received particularly high numbers of complaints.

Complaints Closed – Cardiff & Vale University Health Board

The total number of complaints closed between April 2017 and March 2018 for Cardiff and Vale University Health Board was 81. 40% of these prompted an intervention by PSOW. These include upheld complaints, early resolutions and voluntary settlements. As this proportion of interventions is relatively high, I consider that there is scope for the Health Board to do more to resolve complaints at a local level.

23% of cases with the Health Board were settled through either early resolution or voluntary settlement. No public interest reports were published regarding the Health Board. However, 16% of the complaints closed were upheld in whole or in part, with only 9% of cases not upheld following investigation.

Of the 15% upheld cases, 11 were upheld against University Hospital of Wales and 2 were upheld against University Hospital Llandough.

For all health boards, agreed timescales for providing my office with evidence that agreed recommendations have been implemented were not met in 36% of cases in 2017/18. For Cardiff and Vale University Health Board, this occurred in 22% of cases. Although this is better than the general position in Wales, I consider that this is an area in which the Health Board could improve further. As I share draft recommendations with public bodies for comment before they are finalised, I expect any concerns about them to be raised with my office at an early

stage, before a report on an investigation is finalised. Once I have issued my final report and bodies have formally agreed them, I expect public bodies to implement recommendations in full and in a timely way.

Action for the Health Board to take:

- Present my annual letter to the Board to assist Board Members in their scrutiny of the Board's performance;
- Consider whether there are any learning points from the systemic failures identified in the public interest reports (in respect of other health boards) I issued during 2017/18;
- Work to reduce the number of cases which require intervention by my office;
- Improve your performance when complying with any recommendations I have made to improve your service delivery.

This correspondence is copied to the Chief Executive of the Health Board and to your Contact Officer. I would reiterate the importance of this role. Finally, a copy of all annual letters will be published on my website.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Nick Bennett', with a stylized flourish at the end.

Nick Bennett
Public Services Ombudsman for Wales

CC: Chief Executive
Contact Officer

Factsheet

A. Complaints Received and Investigated with Health Board average adjusted for population

Health Board	Complaints Received	Average	Complaints Investigated	Average
Abertawe Bro Morgannwg University Health Board	121	127	37	44
Aneurin Bevan University Health Board	121	140	43	49
Betsi Cadwaladr University Health Board	186	167	70	58
Cardiff and Vale University Health Board	94	118	33	41
Cwm Taf University Health Board	74	71	32	25
Hywel Dda University Health Board	109	92	38	32
Powys Teaching Health Board	42	32	8	11

B. Complaints Received by Subject with Health Board average

Cardiff and Vale University Health Board	Complaints Received	Average
Complaint Handling - Health	6	12
Health - Appointments/admissions/discharge and transfer procedures	8	4
Health - Clinical treatment in hospital	54	62
Health - Clinical treatment outside hospital	7	7
Health - Confidentiality	1	1
Health - Continuing care	4	8
Health - Medical records/standards of record-keeping	4	1
Health - Other	7	6
Various Other - Poor/No communication or failure to provide information	1	1
Various Other - Rudeness/inconsiderate behaviour/staff attitude	2	1

C. Comparison of complaint outcomes with average outcomes for health bodies, adjusted for population

Local Health Board/NHS Trust	Out of Jurisdiction	Premature	Other cases closed after initial consideration	Early Resolution/voluntary settlement	Discontinued	Other Reports- Not Upheld	Other Reports Upheld - in whole or in part	Public Interest Report	Grand Total
Cardiff and Vale UHB	13	12	17	19		7	13		81
Health Board average (adjusted)	18	12	28	18	1	8	17	1	102

D. Number of cases with PSOW intervention

Health Board	No. of complaints with PSOW intervention	Total number of closed complaints	% interventions
Abertawe Bro Morgannwg University Health Board	27	101	27
Aneurin Bevan University Health Board	31	94	33
Betsi Cadwaladr University Health Board	70	175	40
Cardiff and Vale University Health Board	32	81	40
Cwm Taf University Health Board	24	65	37
Hywel Dda University Health Board	40	104	38
Powys Teaching Health Board	4	31	13

Appendix

Explanatory Notes

Section A compares the number of complaints against the Health Board which were received and investigated by my office during 2017/18, with the Health Board average (adjusted for population distribution) during the same period.

Section B provides a breakdown of the number of complaints about the Health Board which were received by my office during 2017/18 with the Health Board average for the same period. The figures are broken down into subject categories.

Section C compares the complaint outcomes for the Health Board during 2017/18, with the average outcome (adjusted for population distribution) during the same period.

Section D provides the numbers and percentages of cases received by the PSOW in which an intervention has occurred. This includes all upheld complaints, early resolutions and voluntary settlements.

Feedback

We welcome your feedback on the enclosed information, including suggestions for any information to be enclosed in future annual summaries. Any feedback or queries should be sent to catrin.wallace@ombudsman-wales.org.uk or matthew.aplin@ombudsman-wales.org.uk
